Subject: Extension on EBR Implementation

Loren,

As discussed over the phone today, you are within a day or two of sending the EPA/ADEQ proposal on EBR implementation, and you asked me for an extension on the AF's request to complete the EBR RD/RA Work Plan by 14 April 2017 (letter attached).

The AF awaits EPA/ADEQ proposal within the next couple of days. Please call or email me if you're delayed. Once received, the AF will give the proposal full consideration, and get back with you asap with our response.

Sincerely,

//SIGNED//
